This was the case for author John Smith. He grew up without knowing who his father was. All he had was a name and a few vague memories. But John was determined to find out the truth about his past. He embarked on a journey that would take him across the country and back in time.

Along the way, John met a cast of characters who helped him piece together the puzzle of his life. He met his father's friends, his family, and

even his father's ex-wife. Each person he met gave him a different piece of the puzzle, until finally, he had a complete picture of who his father was.

But finding his father was just the beginning. John also discovered a whole new family that he never knew he had. He met his half-siblings, his aunts and uncles, and his cousins. He was welcomed into a family with open arms, and he finally felt like he belonged somewhere.
